

## UCONTROL-RGB-W

### TECHNICAL SPECIFICATION

|                  |                       |
|------------------|-----------------------|
| Model            | UCONTROL-RGB-W        |
| Input            | DC12V-24V             |
| Output           | 12v <288W<br>24V<576W |
| Control          | Wireless RF           |
| Current          | Ra> 80                |
| Beam Angle       | 6A*4CH                |
| Work Temperature | -20°C to 60°C         |
| Remoted          | included              |
| Certificated     | CE                    |
| Warranty         | 2 years               |
| Remark           | RGBW Controller       |

## UCONTROL-WM-REM-RGB-W

### TECHNICAL SPECIFICATION

|                  |                       |
|------------------|-----------------------|
| Model            | UCONTROL-WM-REM-RGB-W |
| Input            | DC12V-24V             |
| Output           | 12v <192W<br>24V<384W |
| Control          | Wireless RF           |
| Current          | Ra> 80                |
| Beam Angle       | 4A*4CH                |
| Work Temperature | -20°C to 60°C         |
| Remoted          | included              |
| Certificated     | CE                    |
| Warranty         | 2 years               |
| Remark           | RGBW Controller       |
