

# LIGHTING THAT OUTPERFORMS SINCE 1998

## EXLUX

The Exlux is a dependable emergency lighting solution designed for critical situations. It boasts maintained operation for continuous reliability and features replaceable, easy-fit quick release decals, including a complete set of running man decals for clear visibility. With a 24-meter viewing distance, it ensures visibility even in large spaces. Ideal for doorways, stairways, corridors, and emergency escape routes, UGE's Exit Light is tailored to ensure safety and compliance in various environments.
